**NOTICE . . . . . NOTICE . . . . . NOTICE . . . . . NOTICE . . . . . NOTICE**

The Wm. S. Hart Baseball/Softball Board of Directors has developed this "GENERAL RULE BOOK" to provide its membership, league officials, umpires, managers, coaches, parents, and players with a reference to our league rules and corporate by-laws. These rules can also be accessed via Wm. S. Hart web site at <http://www.hartbaseball.org>

The rules and policies in this book shall supersede any other rule books used to govern league play, including the Major League Baseball Rules, Pony Baseball Rules, and the American Softball Association Rules.

We strongly urge you to read and understand the 2005 Hart Rule Book completely and keep it available throughout the season for your reference. This book is intended to serve as a guidance manual for all Wm. S. Hart Baseball/Softball members, and we hope it will serve to make all those involved with our program equally familiar with our league and the Wm. S. Hart Baseball/Softball Organization.

We welcome your comments and suggestions. Please forward any correspondence to the league office.

We look forward to another safe, successful, positive, rewarding, and enjoyable season for all participants in the 2005 Wm. S. Hart Baseball/Softball Season.

Sincerely,

Wm. S. Hart Baseball/Softball  
Board of Directors

## **ATTITUDE**

***" The longer I live, the more I realize the impact of attitude on life. Attitude, to me, is more important than facts.***

***It is more important than the past, than education, than money, than circumstances, than failures, than successes, than what other people think or say or do. It is more important than appearance, giftedness, or skill. It will make or break a company ... a church ... a home.***

***The remarkable thing is we have a choice every day regarding the attitude we will embrace for that day. We cannot change our past ... we cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing that we can do is play on the one string we have, and that is our attitude ...***

***I am convince that life is 10% what happens to me and 90% how I react to it. And so it is with you ... we are in charge of our Attitudes."***

***- Charles Swindoll -***

- A. **Game Supervision** - Three adults will be allowed with each team while participating in the regularly scheduled games. Two adults at a time will be allowed on the field of play (as base coaches) during the course of a game, except during pre-game warm-up and between innings when three may be present on the field of play.
- B. **Managers/Coaches Attire** - All managers and coaches should be attired in clothing appropriate to baseball. Team color coordination is preferred. (Tournament teams excepted)
- C. **Lineup Sheet** - All rostered players who will not appear in a game must appear on the game lineup sheet and must be reported by his manager to the official scorekeeper and the opposing manager prior to the start of the game the player will miss. A manager who fails to report this condition will be subject to a suspension of one game. (See Section IX - "Batting Order & Substitutions" - Rule 1.)
- D. **Registration Waiting Lists** - A waiting list will be established in each league. Players will be placed on this list in the order in which they completed registration with the league. Earliest date will be first, with the exception of a player whose parent is willing to manage a team in that league (when a shortage of managers exists), in which case he would be moved to the top of the list. The waiting list will be maintained and kept up to date by the Registration Chairman. Players entering the league during the first half of the season will pay the full registration fee. Players entering anytime during the second half will pay half the registration fee.
- E. **Batting Helmets** - Every player who comes to bat will be required to wear a league-approved batting helmet. Any minor, other than the players, who enters the field must wear a league-approved batting helmet.
- F. **Unsportsmanlike Ejection Penalty** - Any player who, in the umpire's judgment, intentionally tries to injure another player while in the course of running the bases, and is subsequently ejected from the game for unsportsmanlike conduct, shall also be recorded as an "out" on the play. Any player ejected under this section shall be suspended from participating and/or attending in their team's next scheduled game.

**G. Catcher's Safety Equipment** - Every player, while playing the position of catcher (during games, practices, or warm-ups) must wear the catcher's protective gear provided by the league at all times. As appropriate, they must wear a protective cup during play and at practices. Two-piece (skullcap and mask) are permitted in Bronco League and above. Mustang and below and all softball leagues must wear the one piece combined catcher's mask.

**H. Equipment Throwing Penalty** - Every player who MALICIOUSLY throws or abuses the batting helmets, or other equipment (whether league issue or not) will be ejected from the game by the umpire without prior warning.

**I. Suspended or Incomplete Games:**

a. **Complete Game Definition** - The number of innings required for a complete game shall be:

League	Complete Game	Regulation Game
Shetland	0	0
Pinto Instructional	0	0
Pinto	4	6
Mustang	4	6
Bronco	5	7
Pony	5	7
Colt/Palomino	5	7

League	Complete Game	Regulation Game
Filly	0	0
Mini-Minor	2	5
Minor	4	6
Junior	5	7
Senior	5	7
Major	5	7

b. **Incomplete Game Definition** - Any game not reaching complete game status as described in 9a above shall be considered an incomplete game.

c. **Suspended Game Definition** - If a game is called for any reason in an uncompleted inning, after having reached complete game lengths as described below, and the visiting team ties the score or takes the lead in the uncompleted inning, and the home team does not tie the score or retake the lead in its portion of the uncompleted inning, the game shall be considered a suspended game and is to be continued from the point of curtailment at the time scheduled by league officials. If the action described in the previous inning did not occur then the team that was leading in the previous inning shall be declared the winner. There are no tie games in any league and scores do not automatically revert back to the previous inning. Any game not reaching complete game status as described in 9a above shall be considered an incomplete game.

d. **Disposition of Incomplete Games** - Games not played to complete game status will be completed the next time the teams play. The incomplete game will be played only to complete game status (See 9a above) before the regularly scheduled game is played. If the teams involved are not scheduled to play again during the season, the games may be scheduled for completion at the discretion of the commissioner.

e. **Incomplete Games for Playoffs** - Baseball: Suspended baseball games which have a bearing on league playoff qualifications will be scheduled by the Baseball Commissioner. These games will be played the regulation number of innings per Rule 9a above.

f. **Rainout Games** - Rainout games which are re-scheduled to the time of the next meeting between the teams involved will play only the number of innings for a complete game per Rule 9a above. Rainout games which are rescheduled to an available rainout slot will play the regulation number of innings per 9a above. For the purposes of league/division standings, rainout games which are rescheduled after the next regularly scheduled meeting between the teams involved will alter the round assignment of these games. (For example, If a rained out 1st round game is rescheduled after the regularly scheduled 3rd round game, then the originally Round 2 game is reclassified as the round 1 Game, the original round 3 game becomes round 2 and the original round 1 game become round 3. In other words, the actual order of games played determines the round assignment ... 1st actual game played becomes round 1, 2nd actual game played becomes round 2, etc.)

g. **Resuming Suspended/Incomplete Games** - Suspended games resume from the point of suspension, as if the suspension never occurred.

1. **Baseball:** Pitchers removed from the mound may not return to mound in the same game. Pitch count on current pitchers of record resumes from the total at the time of suspension. Number of innings pitch also resumes.
2. **Example:** Bronco game between Teams A & B suspended in 3rd inning. Pitcher A1 pitched 2 innings and was relieved by pitcher A2 at the start of the 3rd inning who has thrown 30 pitches. Pitcher B1, the starting pitcher, is still pitching (with 55 pitches) when the game is suspended. If the game is rescheduled to a rainout slot then the game will be played a regulation 7 innings. If re-scheduled to the next time they meet then the suspended game will be played first, but only to complete game status (5 innings). In either case, pitcher A1 may not return to the mound for the remainder of the suspended game since he was removed from the mound. Pitcher A2 resumes innings pitch and pitch count (i.e. he has pitched 1 inning and thrown 30 pitches). Pitcher A2 may pitch additional innings, up to the maximum inning per game (4) or maximum pitches per game (80), whichever comes first. Pitcher B1 starts with 3 innings pitched and a pitch count of 55. Pitcher A1 may complete the 3rd inning and be entitled to 1 more innings (total of 4) or 25 more pitches (pitch count of 80).

10. **Serious Offenses and Penalties** - While on the Wm. S. Hart Baseball and Softball complex (including adjoining parking areas) any player, manager, coach, umpire, league official, spectator, or other person who engages in unsportsmanlike conduct such as fighting, publicly audible foul or abusive language, violent display of temper or other derogatory action, or whose conduct otherwise is considered detrimental to the best interest of the organization shall be ejected from the complex, suspended from participation in their team's next scheduled game and shall be subjected to additional disciplinary action by the League Rules Committee.

- a. Persons subject to such disciplinary action shall be required to appear before the League Rules Committee before additional disciplinary action is imposed. See also Rule 13 - General League Information.
- b. In the event of incidents involving a player or other person under the age of 18, that person's parent must attend the hearing with the person involved.
- c. The League Rules Committee may impose one of the following penalties, in writing, which in their opinion appears to match the severity of the offense:

1. **Probation.** The offending person having been ejected and suspended for one game will be notified in writing that they have been placed on probation for the remainder of the season or a specific time period.
2. **Suspension.** The offending person is to be advised in writing that they have been suspended from all league activity for an additional number of games or days.
3. **Dismissal.** The offending person is to be advised in writing that they have been dismissed from the league for remainder of the year.
4. **Expulsion.** The offending person is to be advised in writing that they have been expelled from present and future participation in the league permanently, or for a specific number of years.

All decisions made by the Rules Committee are final.

d. Any manager, coach, or player ejected from a game shall be suspended from participating in their next scheduled game and will be subject to further disciplinary action by the League Rules Committee, following an ejection a second time within the season. Any manager, coach, or player ejected from a game must immediately leave the field and dugout area and have no other involvement in the game. The individual ejected may be required to leave the complex by the Director on Duty at the request of the umpire.

1. See Baseball Rule 4.07 "[\*Official Baseball Rules\*](#)".

2. All ejections must be recorded in the official score book, reported to the League Office in writing and forwarded to the Executive Vice-President.

11. **Rules Precedence** - If a problem arises in the baseball leagues which is not covered by these rules, the OFFICIAL PONY BASEBALL RULE BOOK for the current year, or the OFFICIAL BASEBALL RULE BOOK for the current year, or, in softball, by these rules or the rules of the AMATEUR SOFTBALL ASSOCIATION OF AMERICA, it will be handled by the League Rules Committee and/or Board of Directors.

12. **Split Divisions** - Spring seasons only - In the event ASA either does not allow split divisions, or imposes rules and/or regulations that will prohibit Hart from split divisions, softball leagues shall be reorganized as follows:

- a. In any league in which there is sufficient enrollment, as determined by the Softball Commissioner, there shall be two (2) leagues. One will be any ASA league (to be called the Hart division) which will utilize the rules for the National League and the other shall be a non-ASA league (to be called the Santa Clarita division) which will utilize the rules for the American League.
- b. Only players from the ASA league will be eligible to compete on the Hart Rec B Tournament team.
- c. No player in either the ASA or the Non-ASA league shall be allowed under any circumstances to farm up.
- d. No team in the ASA league or the Non-ASA league shall be allowed under any circumstances to utilize a farm player.

- e. In the event of a player shortage, a team each inning may borrow the last out from the opposing team to play the outfield.
- f. Any player who would like to compete in the ASA League will be allowed to do so. All parents will be required to make an election, in writing, as to which league they would like their player to play in. It will be up to the League Directors to adequately explain to the parents the differences in the two leagues. It is envisioned that the ASA League will be highly competitive and the Non-ASA league will be instructional.
- g. Any player who signs up after tryouts and would like to play in the ASA League will be allowed to do so as long as there are openings and the parent has signed the written election.

**13. Identification Badges/Background Investigation** - *Any adult who is to participate on the field or during practices will be subject to a background investigation and will be issued a league identification badge. Only adults with a valid badge in their possession will be allowed on the field or in the dugout area. Umpires and directors will enforce this policy. Any adult on the field who is not in possession of a badge will be required to leave the field/dugout area immediately. It is the responsibility of the manager to insure that all adult volunteers on the field have valid badges and cooperate fully with this policy. If an unbadged individual refuses to leave the field/dugout immediately when requested and the manager fails to enforce this policy and control the situation, both the manager and the offending individual in question will be ejected.*

It is possible someone on your team owns a business and would like to sponsor your team, or knows someone who would. Restaurants and retail stores are good places to seek a sponsor. Sponsorship forms are available from the league office. - f. **Players per Team** - The number of players that constitute a full roster will be determined and set prior to the draft by the appropriate commissioner with approval by the board, and may vary from league to league. In baseball, there shall be no more than 12 players per team.
- g. **Pre-Draft Issues** - All special situations regarding the league must be addressed prior to the draft. These situations include, but are not limited to, players that have not tried out, brothers/sisters separate team availability, league structure, and playoff formats.
- h. **Draft Order** - The order of draft will be decided by random drawing, following the completion of tryouts. In baseball and softball, National League teams will draft first followed by the American League.
- i. **Serpentine Process** - Teams will draft in serpentine order. Example: Following is an example of the serpentine method using a six team league.

	1	2	3	4	5	6
Round 1:	A	B	C	D	E	F
Round 2:	F	E	D	C	B	A
Round 3:	A	B	C	D	E	F

Continue until Rosters full

Team A drafts first, then drafts 12th, 13th, 24th, etc. Team B drafts second, then 11th, 14th, 23rd, etc., and so forth until all rosters are full.

- j. **Manager's Sons and Daughters** - MANAGER'S SONS AND DAUGHTERS: Prior to the draft, and before the draft order is selected, each manager will indicate to the other managers in the league the round in which he/she wishes to draft his/her son or daughter. This is to place the son or daughter in the draft in the same manner as other players - based on his or her ability. If the other managers agree, the son or daughter will be drafted on the designated round. If unanimous agreement cannot be reached by the managers, the Rules Committee will designate in which round the manager's child shall be placed.
- k. **Siblings** - Brothers or sisters registered in the same league will be drafted on the same team roster unless the parents request, in writing, to the league director that they may be drafted on different teams. Prior to the draft, the sibling with the lesser ability will be placed (by manager majority) to a specific round. If the sibling with the greater ability is drafted prior to this round the sibling will then be assigned to the team roster at the round specified by the manager majority, unless this interferes with the draft of a manager's child (See "i" above); then the sibling will be drafted on the next open round. If the sibling with the greater ability is at the weaker sibling's designated round or after, then the weaker sibling will be assigned to the next open round on that team. If there are no available rounds available, then the manager may not draft the stronger sibling unless the parents have authorized in writing that they may be drafted to different teams.
- l. **Non-Tryout Players** - Players who did not tryout cannot be drafted, and will be assigned to teams by random drawing after all other players have been drafted. An exception to this rule may be made if a player's abilities are well known to a two-thirds majority of the drafting managers and if the player being assigned by drawing may adversely affect the competitive balance of the league. Any exceptions must be approved by the rules committee.

- m. **Hat-Picks** - All random drawings shall contain a sufficient number of players such that there is a complete round of hat picks. For example, if there are 24 teams in the draft and only 10 players did not tryout, then the last 14 players eligible for drafting will also become hat picks.
- n. **Trades** - Trades will only be allowed for a one-half (1/2) hour period immediately following the draft. A rules committee member must approve all trades. Only players who tried out may be traded (exception Section VIII - Rule 21 players above). Players being traded may be separated in the draft by a maximum of one round.
- o. **Manager Exclusion** - A parent may request that their player not be drafted by a certain coach, only if that player has played at least one full season, either spring or fall, with that manager or coach. This rule does not apply to the selection of the tournament team.

## SECTION IX - BATTING ORDER AND SUBSTITUTION

- A. **Batting Order** - It is mandatory, in all leagues, that all players are in the batting lineup and that free substitution is utilized in the field. Rostered players who are absent at the start of the game, or for the entire game, must be placed at the end of the lineup card and designated as absent. If an absent player arrives after the start of the game, the player's name is placed after the last active batter in the lineup. (See Section I, Specific General Rule 3). *In the case where an offensive player bats and the player is not listed on the lineup, the MLB batting out of order rule shall apply.*
- B. **Substitutions and Injuries** - Substitutions are to be made at the start of the 1/2 inning except in the case of an injured player, in which instance the substitution can be made immediately for the injured player. *In the case of an injured offensive player, the substitute player shall be the player who made the last out either in the inning of play or the previous inning if no outs have been recorded.* The injured player must sit out at least one inning (The remainder of the 1/2 inning which the player is injured, plus the next 1/2 inning). If the player returns to the game, he/she must return to his/her original position in the batting order. If a player is removed from the game for disciplinary action the player's batting lineup position is skipped (no out recorded) and the player must remain out for the remainder of the game.
- C. **Pitching Changes** - A manager may change pitchers at any point in the game that he/she wishes, but if it is during an inning the manager MAY bring a player off the bench to pitch. The player being substituted for (not necessarily the pitcher being replaced) may not have been on the bench the previous inning.

## SECTION X - PLAYER SHORTAGE

- A. **Player Shortages** - In the event that a team has nine (9) or less players available for a game:
  - a. **Player Farm Usage** - A manager may fill his/her roster up to ten (10) players if he/she has nine (9) or less players. If the farm team player is the tenth (10th) player, he/she must play every other inning on defense beginning in the second (2nd) inning - no more and no less. If multiple farm players are being used (for example, as the 9th and 10th players) none of the team's regular players may sit out. Substitute farm player(s) cannot pitch. Absent players and farm team players must be reported to the

opposing manager and official scorekeeper prior to the start of the game with the exception of 2e below.

- b. **Late Arrivals** - When a farm team player is called up he/she must play the minimum number of innings even if the player he/she is substituting for arrives.
- c. **Minimum Players** - A team may play with eight (8) players, but not less.
- d. **Postponement** - No manager or coach may postpone a game without prior approval of the commissioner. Farm team substitute players are available and should be acquired and utilized in the manner described in two (2) below.

Pinto, Mustang American, Bronco American, and Pony American Leagues shall have their farm clubs assigned from the opposite division. Palomino shall have their farm clubs assigned from the Colt National Division. Colt National farm clubs shall be assigned from the Colt American Division. Colt American farm clubs shall be assigned from within the Colt American Division. The Mini-Minor League shall have their farm clubs assigned from the Filly League and eligible farm players shall be limited to league age 6-year olds only. Minor American will have their farm team assigned from the Mini-Minor League. Junior American will have their farm team assigned from the Minor National League. Senior American will have their farm team assigned from Junior National League. The Major League will have their farm team assigned from the Senior National League.
- b. **Substitute Player Requests** - A manager who needs a player from his/her farm team will request a list of three players' names from the farm club manager that are available for loan if the manager needs one player, and a list of four names if the manager needs two players. The manager will then advise the farm team manager which player or players he/she wishes to borrow. If a team has more than one farm team club, the manager must alternate between the farm team clubs when requesting substitute players. League directors must be notified of all farm team players utilized. Farm team players must wear the uniform of the team by which he/she was drafted. Last minute farm players need not be in uniform
- c. **Players Lost for the Season** - If a player is lost for the entire season on any team, the manager must notify the league director within 24 hours and a player will be placed on the team from the waiting list. Players lost on national league teams are not replaced with players from the waiting list unless approved by the rules committee.
- d. **Maximum Games** - A farm team player may not be utilized for more than two games during the season.
- e. **Last Minute Shortages** - If a manager is notified at the last minute that the players on his/her list from the farm club are not available, or if the manager did not know of the player shortage in time to contact his/her own farm team(s), the manager may pick up any other player, up to nine (9) for the start of the game, from other farm clubs with the approval of the appropriate farm club manager (No jumping leagues). The same farm team player may not play for more than one higher league team

during a season (except when a team is a farm team for more than one higher league team) without the approval of the opposing manager OR two of four ( 2 of 4) approvals from the commissioners and league directors involved. When a team is unable to find last minute players and the opposing team offers their team players to avoid a forfeit and allow the game to play, upon approval of both managers in the presence of the umpire, the game shall be considered a legal game.

- f. **Farm Player Usage** - Farm players must bat at the end of the batting order and may only play the outfield positions. Rostered players arriving after the start of the game are inserted in the batting order following the farm players.
- g. **Penalties** - Failure to follow these farm team substitution rules will result in a one game suspension of the manager and/or forfeit of the game.
- h. **Playoff Usage** - The above rules apply for playoffs except in the event that the farm club is also in the league playoffs. In this case the next alphabetical team not in the playoffs shall be the designated farm club. This shall be in effect for the entire playoff even should the original farm club be eliminated from playoffs.

## SECTION XI - PROTESTS AND DISPUTES

- A. **Filing** - Protests must be filed at the time of the incident prior to the next pitch, with the umpire, official scorekeeper, and the opposing manager in accordance with official baseball/softball rules. This award has nothing to do with a players ability only their attitude toward the game and their fellow players.

a. Sportsmanship awards are to be presented at award ceremonies.

## SECTION XIV - FALL LEAGUES

The fall program will be instructional with the purpose of improving player's skills during the off season. League standings will not be maintained, and no trophies will be awarded.

The league will provide uniform shirts, catcher's gear, and batting helmets. Players will provide their own hats, pants, bats, or any other equipment required. Teams will perform Sunday Field Duty on a scheduled basis as during the regular season.

In softball, there will be no Major League and the Senior League ages will be ages 13 through 16. In the event of no Mini-Minor League in the fall program, then league age 8 year olds will be allowed to play in the Minor League.

Generally, the current league rules will be followed. However, to insure the instructional purpose of the fall program, the following exceptions and changes will be in effect:

- A. **Drafting** - *Coaches' Sons and Daughters - Fall season only: In each league, if a majority of the managers agree, each team can select one coach per team and will place their child using the criteria in the Drafting Section VIII rule j.*
- B. **Hat Picks** - *Hat picks that have scheduling conflicts with a team's designated practice time (fall league only) will be put back in the hat and another player will be drawn.*
- C. **Pitchers** - Pitchers: To encourage development of pitchers, players will be allowed to pitch a maximum of two innings in *Pinto and* Mustang League, a maximum of three innings in Bronco and Pony, and a maximum of four innings in Colt. In baseball only, a pitcher may not return to the mound once removed, but a player may be brought off the bench to pitch. The player being removed for the pitcher coming off the bench may not have been on the bench the previous inning. In softball, the pitchers may pitch a maximum of two innings in the Mini-Minor, three innings in the Minor League, and four innings in the Junior, and Senior Leagues. In the event that league scheduling for baseball is such that a team must play a double header, the pitching rules for spring season shall apply for the team playing in both games of the double header., only.

**D. Minimum Play** - Minimum Play: No player may sit out consecutive innings, and no player may sit out more than 2 innings per game. Each player must play a minimum of two innings at any infield position. Exceptions to this rule may be made by parental request only. At least one of these innings must be completed prior to the fourth inning.

#### **E. Length of Games**

a. Pinto and Mustang will play six innings. Bronco, Pony, and Colt will play seven innings. Early games will be called 15 minutes prior to the next game. For the last game of *week day games (Monday through Friday)*, no new inning will start after 2 hours and 15 minutes, and all games will be called after 2 hours and 30 minutes. *For the last game of weekend games (Saturday and Sunday), the drop dead time will be 2 hours and 45 minutes, unless in conflict with late game drop dead requirements (i.e. Pinto - 9:30PM).*

b. In softball, all games will be considered complete at 1 hour - 45 minutes from the scheduled start time in the Minor, Junior, Senior, and Major leagues. No new inning may be started after 1 hour - 30 minutes. The Mini-Minor league will be 1 hour and 30 minutes after the scheduled start time.

**F. Scorebooks** - There will be no "official" scorebooks. Team books may be kept at each team's option.

The last batter due up will play defense for the opposing team in the forthcoming inning and must play an outfield position.

**I. Incomplete Games** - Incomplete games will not be made up at a later date. Games canceled due to rain or other reasons will be rescheduled if possible.

**J. Returning Players and Managers** - Players who play fall league, but did not play during the regular season for that year are not considered returning players for the next season's priority registration purposes. In determining managers for the next regular season, "returning managers" shall be from the previous regular season, not from the fall program.

**K. Umpires** - The league will arrange for the home-plate umpire, who will be paid by the league. Each team may furnish one base umpire who will not be paid by the league.

**L. Practices** - Where possible, and at the discretion of the Field Manager, practices may be scheduled on the league playing fields. Gates to the complex will be opened at 4:00 PM. No practices should begin prior to this time. No charge will be made for lights for scheduled night practices. Practices shall conclude no later than 9:15 PM. All field lights will be shut off promptly at 9:30 PM and the complex will be locked up. The team manager is responsible to see that the field is left in proper condition after practices (including dragging and raking of field, cleaning up trash, etc.), in accordance with the League Rules. A minimum of one team practice per week, held by the manager, is mandatory. This does not include practice games.

**M. Innings** - An inning will be completed when: Three outs have been recorded; OR , after the offensive team has batted completely through their lineup. The last batter may not be walked and must remain at bat until a strikeout occurs, the ball is hit, or the batter is hit by a pitch. If the batter is hit by a pitch, all

runners and the batter are awarded 2 bases whether forced or not. When the last batter rule is in effect, there will be 2 outs assumed, once the ball is put in play, and the ball in control of any defensive player while touching home plate will be considered a force out (no tag required). Of course, an out may be obtained in any normal manner as well.

- N. **Batting** - Minor League: There will be no walks in this league. After four (4) balls have been called by the umpire, rather than taking first base, the offensive team will provide a coach or parent to pitch to the batter. If the batter does not hit the ball fair or strike out after the sixth pitch, the batter shall be declared out. Batter will resume the strike count when the coach/parent comes on the field. The coach-pitcher must be in contact with the pitching plate. The pitcher for the defensive team must position herself within the eight (8) foot circle. There will be no bunting allowed off a coach-pitch. When the ball is put into play, the coach must make a reasonable attempt to get out of the way. It will be the umpires judgment whether interference occurs.
- O. **Baserunning** - In Minor league, if, in the opinion of the umpire, the forward base runner's advancement has been stopped, and all following runners have advanced as far as they are allowed, and a play is not in progress on her or any other base runner, the umpire will call time if requested by the defensive team.
- P. **Split Season Rules** - In baseball leagues only where there are 1st half and 2nd half rules during the regular season, then the 1st half regular season rules shall apply during the 1st half of the fall season and the 2nd half regular season rules shall apply to the 2nd half of the fall season.
- Q. **Defensive Players** - In softball, teams may play up to 10 defensive players (6 infielders and 4 outfielders).

When the last batter rule is in effect, there will be 2 outs assumed, once the ball is put in play, and the ball in control of any defensive player while touching home plate will be considered a force out (no tag required). ## SECTION XVIII - HISTORY of WM. S. HART

### Wm. S. Hart Baseball and Softball

Wm. S. Hart Baseball and Softball has a long history in the Santa Clarita Valley: in fact, several fathers of our present players once played baseball at Wm. S. Hart when they were youngsters. The organization was formed in 1955 as Wm. S. Hart Little League - named, of course, after the famous star of silent movies who made his home in Newhall. The original league consisted of just four teams and was located east of the railroad tracks across from the Saugus Cafe. This facility consisted of just one baseball field and the league remained until 1960.

Wm. S. Hart then moved to a new location which today would be just south of Valencia Blvd., about where the Mann 10 Theaters are located. This facility consisted of two baseball diamonds, called "Major" and "Minor", and sometime during the mid-1960's lights were installed on the Major field. The league was there until 1968 when the building of Valencia Boulevard (which cut right through the facility) caused Wm. S. Hart to move again, to our present location on land owned by Newhall Land and Farming. A great deal of volunteer work and money has been expended over the years to transform this vacant land into the beautiful baseball and softball complex that we have today.

In 1970, Wm. S. Hart changed its affiliation from Little League to Pony Baseball, Inc. At that time our organization consisted of two Bronco Leagues (American and National) with a total of fifteen (15) teams, and one four-team Pony League. It is interesting to note that among the original team names were the "Senators" and "Solons".

As the Santa Clarita Valley grew during the 1970's, so did Wm. S. Hart Baseball, reaching 48 teams by 1975. The Girl's ASA Softball program was added in 1984. In 1989, there were 129 baseball and softball teams with nearly 1500 boys and girls playing on six (6) diamonds - quite a change from our modest beginnings in 1955.

The following key additions to the complex have been accomplished:

- 1990 Addition of the Minor and Colt fields ( 8 fields total)
- 1992 Addition of the Barbecue patio
- 1993 Addition of the lights to the Pinto, Mustang 1 & 2, & Minor fields  
Canteen Renovation
- 1994 Addition of the Shetland/Pinto and Mini-Minor fields (10 fields total)  
Addition of the restroom facility near softball fields.
- 1995 Addition of new (donated) administrative trailer
- 1996 Addition of picnic tables and concrete walkways
- 1997 Addition of 1st half Colt Season for non-High School Players  
Addition of the new restroom between Colt and Shetland Fields  
Additional concrete poured between Pony & Bronco Fields and from the canteen to the  
Administrative trailers
- 1998 Addition of the Filly Softball League for girls league ages 5 & 6
- 2002 Addition of the umpire trailer
- 2004 Hart's 50th anniversary. Addition of the American flag constructed of baseballs and softballs.

### Pony Baseball

As mentioned above, in 1970 Wm. S. Hart became affiliated with Pony Baseball. Pony Baseball was formed in 1951. and today there are more than 2,000 affiliated Pony Baseball leagues.

Basically, Pony Baseball (an acronym meaning "Protect Our Nation's Youth") believes that rather than changing the rules of baseball to make it possible for young people to play the game, it is more logical to change the size of the diamonds for the physical potential of the players. By playing the same proportionate positions as their major league counterparts, the young players can make the same plays. The force play, double play, squeeze play all become probabilities instead of remote possibilities. By allowing them to lead off and steal bases, the players are playing real baseball. This brand of "real" baseball begins with the Mustang League (league ages 9 & 10)

In addition, Pony Baseball has two training leagues for players of ages 5 and 6 (Shetland League) and ages 7 and 8 (Pinto League). These two leagues permit these young players to learn the fundamentals of hitting and fielding while restricting certain aspects (like no leadoffs or base stealing). In Shetland, a tee is used throughout the season (although at Wm. S. Hart the managers do pitch to the players to begin the development of hand-eye batting coordination). In the Shetland League, players do not pitch but they do in the Pinto League. The pitching distance is forty-two (42) feet and pitchers are allowed to pitch only two innings per game (4 innings per week) with a 40 hour rest between pitching performances. The game is played on a sixty foot diamond.

In the next two years, the Mustang League, also played on a sixty foot diamond, introduces the youngsters to the complete game. The pitching distance is increased to forty-four feet, but pitching is restricted to only three innings to protect young arms. Base stealing is permitted, and the players now play the complete game.

As 11 and 12 year-olds, the players advance to the Bronco League where they play on a seventy (70) foot diamond, and for the first time they may pitch a complete seven-inning game (Although Wm. S. Hart restricts this to only five innings per game). The pitching distance increases an additional four feet over Mustang level to 48 feet.

The 13 and 14 year-olds constitute the Pony League (the first league defined by Pony Baseball). In years past, players were taken from a diamond with 60 foot base paths to the regulation 90 foot diamond.

Infielders who were playing on a diamond with 3,600 square feet of playing area suddenly found themselves on a diamond with 8,100 square feet - more than double the area in one year! The Pony League diamond, with 80 foot base paths and 6,400 square feet of playing area serves as good transition from the small diamonds to the regulation diamonds. The pitching distance increases to 54 feet.

The Colt League, for 15 and 16 year-olds, and the Palomino League, for 17 and 18 year-olds use the regulation baseball diamond with ninety foot baselines and 60' 6" pitching distance.

Pony Baseball rules are flexible to allow each organization to tailor their programs to suit their own communities. For instance, the Pony baseball definition of Pinto league uses only a tee - no pitchers are used. But because of the many tee-ball programs operated by the county and city park system, we have tailored our Pinto League to act as a transition between tee-ball and Mustang.

One of the advantages to being affiliated with a national organization is the opportunity to play in national tournament elimination with the ultimate goal of reaching world series play. Pony Baseball sanctions local tournaments in Pinto and Mustang Leagues and national tournaments in Bronco and higher leagues. Wm. S. Hart has been very successful in tournament competition, winning six world series titles in the 1980's and participating in several other world series in the 1980's and 1990's.

### **ASA Softball**

The Girl's Softball program has been in existence since 1984 as mentioned before. The girl's programs are based upon the ASA softball rules. The program has more than doubled in ten short years to where in 1994, there are fifty-two (52) teams in five different age brackets. ASA also offers national elimination tournaments and the girl's have done exceedingly well in the 1990's having won three nationally sanctioned tournaments, one national invitational tournament, and several state championships.
