Baseball and Softball GENERAL RULES OF PLAY

SECTION I

MANAGERS & COACHES/PLAYERS

1. Unsportsmanlike Conduct/Foul Language Ejection

- a. Any player who, in the umpire's judgment, intentionally tries to injure, or disrupt the play of another player while in the course of running the bases, and is subsequently ejected from the game for unsportsmanlike conduct, shall also be recorded as an "out" on the play. (Base runners who are attempting to "beat the tag" by sliding into any base and as a consequence, collide with a defensive player, will not be considered unsportsmanlike in behavior by this act alone.)
- b. Any manager, coach, parent or player, using foul language or inappropriate behavior during a game will be ejected from the game without warning. ***Zero Tolerance.***

2. Equipment Throwing Penalty - Any manager, coach or player who, in the opinion of the umpire **MALICIOUSLY**, throws or abuses the batting helmets, bats, or other equipment (whether league issued or not) will be ejected from the game by the umpire without prior warning.

2. Disciplinary Actions - Benching of a player for disciplinary action shall be permitted before or during a game. The benching of a player for disciplinary reasons shall not be considered an "out" when the player is due to bat in the line-up. The umpire, opposing team manager, and the official scorekeeper must be notified immediately of any disciplinary action resulting in a player being benched. The plate umpire shall notify, as soon as practical, the League Director on Duty so that the incident may be properly annotated on the Incident Form on the Hart website. The form should be forwarded onto the League Vice President.

3. Late Arrival - Players missing at the start of the game may immediately be put into the game upon their arrival and their batting position shall be at the end of the original lineup.

4. Minimum Play Requirements - **No player may sit out more than 2 innings per game and no player may sit out consecutive innings.** A violation of this rule **WILL** result in a one-game suspension of the manager. Any subsequent violation of this rule will result in further discipline of the manager as deemed appropriate by the League Rules Committee. A player that has been designated to "sit out", must sit out the entire inning (3 outs). Exception to this rule is if an injury occurs on the field and the injured player is removed from play.

5. Uniform - All players must be in complete uniform (i.e. pants, matching belts, socks, hats, and League issued jerseys). All players on the team must wear the same colored pants with the single exception that

farm players may wear the pants for their own team. For all leagues, jerseys will be completely and tightly tucked in so that the belt or waistband is visible. Hats will be worn with the center of the bill over the center of the nose.

7. Jewelry - The wearing of jewelry is not allowed (with the exception of medical alert identification) by any player on the field of play. (Band-aids may not be used to cover jewelry).

SECTION II

BATTING ORDER AND SUBSTITUTION

1. Batting Order - It is mandatory, in all divisions that all players are in the batting lineup and that free substitution is utilized in the field. In the case where an offensive player bats and the player is not listed on the lineup or bats out of order, the MLB batting out of order rule (Baseball only) and the USA Softball batting out of order rule (Softball only) shall apply.

2. Substitutions and Injuries - Substitutions are to be made at the start of the 1/2 inning except in the case of an injured player, in which instance the substitution can be made immediately for the injured player. In the case of an injured offensive player, the substitute player shall be the player who made the last out either in the inning of play or the previous inning if no outs have been recorded. The injured player must sit out at least one inning (the remainder of the 1/2 inning which the player is injured, plus the next 1/2 inning). If the player returns to the game, he/she must return to his/her original position in the batting order. If a player is removed from the game for disciplinary action or must leave early, the player's batting lineup position is skipped (no out recorded) and the player must remain out for the remainder of the game.

3. Pitching Changes - A manager may change pitchers at any point in the game that he/she wishes. The manager may bring a player off the bench to pitch so long as the minimum play rules are not violated.

SECTION III

EJECTIONS / PROTESTS / DISPUTES

1. Any manager, coach, or player ejected from a game must immediately leave the field and dugout area and have no further involvement in the game. The individual ejected may be required to leave the complex by the Director on Duty at the request of the umpire. The plate umpire shall ensure that all ejections are recorded in the official scorebook and reported to the League Office in writing. Any manager, coach, or player ejected from a game may be subject to further disciplinary action by the League Rules Committee. Ejections will be reviewed by the League Rules Committee. The League Rules Committee may request the attendance of any person ejected to appear before the League Rules Committee. The ejected party may be subject to any of the additional penalties/punishments listed below.

2. Manager/Coach Ejections - Any manager or coach ejected from a game shall serve a minimum one game suspension in addition to the game in which the manager was ejected. A one game suspension and/or the imposition of probation CAN NOT be appealed. Suspensions of more than one game, dismissal or expulsion may be appealed by following the procedures listed in "Disciplinary Hearing" below.

3. Player Ejections - Any player ejected from a game may not re-enter the game in which he/she was ejected. Any additional punishment shall be at the discretion of the League Rules committee. The parent/guardian of the player and the manager shall be notified via e-mail of any additional punishment. Any additional punishment beyond removal from the game in which the player was ejected may be appealed.

4. Additional Punishments/Penalties - The ejected party may be subject to any of the following additional penalties/punishments:

1) **Probation.** The ejected person will be notified in writing that they have been placed on probation for the remainder of the season or for a specific time period.

2) **Suspension.** The offending person is to be advised in writing including electronic communication that they have been suspended from all league activity for a specific number of games or days. Any **player** suspended for one or more games must report to the scorekeeper before the start of the game in which he/she is suspended. If he/she fails to do so, he/she will have to sit out each following game until he/she complies. Any **manager or coach** suspended for one or more games may sit in the stands but may not coach in any form.

3) **Dismissal.** The offending person is to be advised in writing including by electronic communication that they have been dismissed from the league for the remainder of the year.

4) **Expulsion.** The offending person is to be advised in writing including by electronic communication that they have been expelled from present and future participation in the league permanently, or for a specific number of years.

5. All decisions regarding punishments made by the League Rules Committee are final.

6. Disciplinary Hearing - Any manager suspended for more than one game (not including the game in which he/she was suspended) or player suspended for any number of subsequent games, may appeal the additional punishment to the League Rules Committee. The appeal must be filed with the appropriate League Director or Commissioner within 24 hours of receipt of notification of the imposition of a suspension by the Rules Committee. (Notification shall be deemed received no later than 24 hours after Rules Committee sent the notification.) The appeal shall be in writing. The League Rules Committee will meet to consider any appeal of any punishment no later than 14 days after imposition of the punishment. Until such time as the appeal can be heard, any punishment or penalty will be stayed pending the outcome of the appeal.

7. Protests - Protests must be filed at the time of the incident prior to the next pitch, with the umpire, official scorekeeper, and the opposing manager in accordance with official baseball/softball rules. The only exception is if the protest is lodged on the final play of the game, which allows the protesting manager 24 hours to lodge the protest. All protests arising on the field of play must be submitted, **IN WRITING**. The form is available on the Hart website. The protest must clearly state the circumstances and the rule being protested. The form shall be submitted to the chairman of the Rules Committee (Executive Vice-President), League Director, or to the Baseball or Softball Commissioner, along with a \$100.00 fee, within 48 hours from the time of the protest. The \$100 fee will not be returned if the protest is denied. Any pro-

test form not fully completed shall be deemed invalid. The Rules Committee will meet to consider each protest, when possible, within 14 days after it is received in the prescribed manner.

8. Attendees - The managers involved in the protest will be notified, by the Executive Vice-President or appropriate league director, and may attend the meeting convened to decide their protest, as well as any other person(s) who the committee deems may be involved and could help the committee reach a fair decision.

9. Playoff Rules Committee - Three (3) rules committee members shall be present for all playoff games. In the absence of 3 rules committee members, any three league officials (directors or adult umpires) that have no children in that division shall rule on the protest. Protests shall be decided by them. Protests during the playoffs will be decided immediately and cannot be appealed. The appropriate Rule Book, either printed or electronic, must be used to rule on the protest.

10. Protest Records - All protest records shall be maintained by the Executive Vice-President and submitted to the League Secretary for incorporation into the league records.

SECTION IV

SCOREKEEPER RESPONSIBILITIES

1. All scorekeepers working baseball/softball games in the score booth will comply with Pony rule 14a-c. **(Baseball and Softball)** which states that Scorekeepers shall not influence the game by cheering for or coaching any player, or pointing out infractions, with the exceptions noted in 1.a. below, unless asked by the umpires or managers. Managers are responsible to bring any infractions to the umpire's attention. **PENALTY:** The umpire may eject the offending scorekeeper after a warning.

a. Baseball/Softball scorekeepers will point out the following infractions (if applicable), to the umpires and managers, without the game being subject to protest.

- 1) Pitch count and/or inning limit when it is reached as defined for each division.
- 2) Last batter in leagues where applicable.
- 3) Any illegal substitution (To include improper batting order).
- 4) Third out of the inning.
- 5) Scorekeepers will inform the umpire, managers, and the League's Official Scorekeeper of any violation of the league's minimum play requirements. This condition will be corrected immediately and could subject the offending party to additional sanctions as deemed necessary by the League Rules Committee.

BASEBALL RULES OF PLAY

Note: All PONY rules are to be followed on the effective date of the rule regardless of whether that date falls before or during the season. In the event of a conflict between the following rules and PONY rules these league rules will take precedence. Any situation not covered by these rules will defer to the OFFICIAL PONY BASEBALL RULE BOOK for the current year, or the OFFICIAL BASEBALL RULE BOOK for the current year. Any situation not covered by any of these rules will be handled by the League Rules Committee and or the Board of Directors.

SECTION I

PREGAME

- 1. Game Supervision (All Divisions except Shetland)** – Once the Umpire in Charge (the plate umpire) calls the managers to the plate for the pre-game meeting, only three adults (team manager and two coaches) will be allowed in the dugout or on the field of play. Two adults at a time will be allowed on the field of play (as base coaches) during the course of a game, except during pre-game warm-up and between innings when all three may be present on the field of play. Team managers are responsible for all adults preparing the field prior to each game and after. Exception: For pinto-During coach pitch, an additional coach may be on the field as a “pitcher”.
- 2. Managers/Coaches Attire** – During regular league games and playoffs, all managers and coaches should be attired in clothing appropriate to baseball or softball. The league recommends that managers wear team colors.
- 3. Lineup Sheet** - All rostered players **must** appear on the game lineup sheet even if they are not present for the game. Any absent player must be reported by his manager to the official scorekeeper, the Umpire in Charge, and the opposing manager prior to the start of the game. A manager who fails to report an absent player to the official scorekeeper will be subject to a one game suspension. Any subsequent infraction of this rule will result in the manager being removed from the team for the remainder of the season.
- 4. Player Safety**-Any player with a cast or boot will not be able to play until they are able to participate without the temporary medical apparatus. This will allow the player ample time to completely heal before returning to the field of play.

SECTION II

EQUIPMENT

1. Batting Helmets - Every player who comes to bat will be required to wear a NOCSCE approved batting helmet. Anyone under the age of 18, (other than a player(s)) who enters the field for any reason must also wear an approved batting helmet. Batting helmets shall be free of cracks and no decal other than the player's name, number, team name or logo shall be added to the protective headgear. No custom painted helmets shall be permitted on the field of play. Factory painted helmets are permitted. This also applies to catcher's headgear. Any protective headgear in violation of this rule shall be removed from the field of play including the team dugouts. It is strongly recommended that adults, when positioned in the coach's box, wear protective headgear.

2. Catcher's Safety Equipment - Every player, while playing the position of catcher (during games and practices) must wear the catcher's protective gear provided by the league or personal equipment bearing the NOCSAE approval label at all times. As appropriate, they must wear a protective cup during play and at practices. Per the PONY rules: "Catchers are required to wear proper protective equipment including a mask with throat guard (an added dangling throat guard is optional), chest protector, shin guards, athletic supporter with cup, and NOCSAE approved headgear which gives protection to the top of the head and to both ears while catching behind plate. Any person under the age of 18, serving as a catcher to warm up a pitcher, shall wear a mask, whether the pitcher is warming up from the mound, in the bullpen, or elsewhere.

3. Cleats - Steel cleats shall NOT be permitted on the Shetland, Pinto, Mustang, Bronco and Pony fields. Metal cleats are allowed on the Colt field.

SECTION III

GAME LENGTH

1. Regulation / Complete Game - A Regulation Game is the total number of innings of scheduled play per game in each division if time allows. A Complete Game is the number of innings required to be played for the result to be considered “official”. However, any game that ends due to time limit shall be an official game regardless of the number of innings played. A new inning begins at the conclusion of the third out of the previous inning.

The number of innings required for a complete/regulation game shall be:

Baseball Complete/Regulation Game Table

Division	Complete Game	Regulation Game
Pinto	4	6
Mustang	4	6
Bronco	5	7
Pony	5	7
Colt/Palomino	5	7

2. Game time limits:

- Shetland Spirit-60 minute drop dead
- Shetland 5U-75 minute drop dead
- Shetland 6U-90 minute drop dead
- Pinto, Mustang, Bronco, Pony, and Colt 60/90-In order to have all games the same, no new innings shall commence after 2 hours with a drop dead time of 2 hrs **10** minutes for all games. To have all games end at the same time does not put an early weekday game time or a late game time at an advantage/disadvantage.

3. Incomplete Game - Any game not reaching complete game status as described above, for any reason (*other than exceeding the time limit*), shall be considered an incomplete game. An incomplete game may be completed at a future date at the discretion of the Baseball Commissioner.

4. Suspended Game - If a game having reached complete game status is called for any reason in an incomplete inning, the reported score shall be the score at the last complete inning **UNLESS** the score is tied at the time the game is called, or the visiting team took the lead in its half of the incomplete inning. In either case the game shall be considered a suspended game. A suspended game may be completed at a future date at the discretion of the Baseball Commissioner. A suspended game **must** be completed if the teams play again during the regular season. A suspended game not completed by the end of the season shall constitute a tie in the standings.

5. Resuming Suspended/Incomplete Games - Suspended or Incomplete games resume from the point of suspension, as if the suspension never occurred. All roster assignments and pitching restrictions apply as if the game had not been suspended except that a player absent for the original game shall be added to the end of the original lineup and is eligible to play in the continuation game.

6. Cancelled Games - Games cancelled due to weather or other unforeseen circumstance will be rescheduled at the discretion of the Commissioner(s). Every effort will be made to reschedule cancelled games.

7. Mid Season-April 1st will mark the “second half” of the season for all baseball games even if the game is a rescheduled game. This date will be used for all “second half” of the season division rules

SECTION IV

FARM TEAMS

1. Farm Team Substitute Player Selection - Farm team substitute player selection:

a. **Farm Club Assignments** - Each team (except in Shetland) shall be assigned one or more farm teams. Pinto, Mustang, Bronco, Pony, National League teams shall have their farm clubs assigned from their respective American League teams. Pinto American, Mustang American, Bronco American, and Pony American Leagues shall have their farm clubs assigned from the opposite division. Colt/Palomino shall share out-fielders whenever there are less than nine (9) players on any team for a game. The team that is shorthanded will bat a line-up of the players they have in attendance.. Farm teams will not be assigned to another team that is the same name (i.e. Pinto Dodgers will not be a farm team for Mustang Dodgers)

b. **Substitute Player Requests** - A manager who needs a player from his/her farm team will request a list of three players' names from the farm team manager that are available for loan if the manager needs one player, and a list of four names if the manager needs two players. Baseball only - Players submitted to the requesting manager are to be from the same draft round or higher (Example: Player A was drafted in the fifth round. Only players drafted in round 5-12 are eligible to farm for player A). The manager will then advise the farm team manager which player or players he/she wishes to borrow. If a team has more than one farm team, the manager must alternate between the farm team when requesting substitute players. League directors must be notified of all farm team players utilized. Farm team players must wear the uniform of the team by which he/she was drafted. The League Director must be notified of the farm assignment prior to their participation in a game. This procedure will be strictly enforced. Failure to properly follow this procedure will result in a suspension of the manager and/or forfeit of the game.

c. **Players Lost for the Season** - If a player is lost for the entire season on any team, the manager must notify the league director within 24 hours and a player will be placed on the team from the waiting list. Players added from the waiting list after the midpoint of the season are not eligible for play in League playoffs or Pony sanctioned tournaments. Players lost on national league teams are not replaced with players from the waiting list unless approved by the Rules Committee.

d. **Maximum Games** – The same farm team player may not be utilized by the same team for more than two games during the season.

- e. **Last Minute Shortages** - When a team is unable to find last minute players and the opposing team offers their team players to avoid a forfeit and allow the game to play, upon approval of both managers in the presence of the umpire, the game shall be considered a legal game.
- f. **Farm Player Usage** - Farm players must bat at the end of the batting order and may only play the outfield positions. Rostered players arriving after the start of the game are inserted in the batting order following the farm players.
- g. **Penalties** - Failure to follow these farm team substitution rules will result in a one game suspension of the manager and/or forfeit of the game.
- h. **Playoff Usage** - The above rules apply for playoffs except in the event that the farm club is also in the league playoffs. In this case the next alphabetical team not in the playoffs shall be the designated farm club. This shall be in effect for the entire playoff even should the original farm club be eliminated from playoffs.

SECTION V

LEAGUE CHAMPION / PLAYOFFS

1. **Length of Season** - The season shall consist of a minimum of 17 games including playoffs.
2. **Determination of League Champion:**
 - a. **Playoff Format** - In all divisions except Shetland and Colt, (playoffs in Colt is discretionary with the Baseball Commissioner) there will be playoffs at the end of the season. All teams will qualify for the playoffs in divisions that have playoffs. Unless modified by the Commissioner and League Director, the format will be double elimination, using the criteria listed below. When the league format and qualification criteria are modified the modified format and qualification criteria will be submitted to the managers prior to the first game and supersede the published rules. Qualification for the playoffs are as follows:

 - b. **Pitching Rules** - All regular season pitching rules shall remain in effect including the 40 hour rest rule.
 - c. **Farm Clubs** - The farming procedure will be strictly enforced.

e. **Home Team** – The Home team will be the highest ranked seed for all playoff games in both the “Winners Bracket” and the “Loser’s Bracket”. Home team shall occupy the third-base dugout.

f. **Time Limits** – Time limits shall be the same as those set for the regular season except that a winner must be determined. All time limits are subject to modification in order to determine a winner without continuing the game to a later date. In the event a game must be suspended due to weather, curfew, or any other reason it will be re-scheduled for completion at the earliest possible time by the appropriate Commissioner. There shall be no time limits for championship playoff games, which will be played to completion.

g. **Mercy Rule** - There shall be a 10 Run mercy rule effective at the end of a complete game, including playoffs and championship game.

h. **Courtesy Runner** - A courtesy runner (player making the last out) for the catcher of the previous inning, if on base with two outs, may be used to help speed up the game without a substitution being recorded.

SECTION VI

3. The Game

- a. A game shall consist of six innings.
- b. If a team is leading its opponent by at least ten (10) runs after four (4) or more complete innings have been played, or after 3-1/2 innings if the home team has a ten run lead at the end of its third inning, or before the completion of its fourth (4th) inning, the game shall be terminated and the team in front declared the winner.
- c. **In the American League only** - An inning will be completed when: three outs have been recorded; or after the offensive team has batted completely through their lineup or an equal number of batters as the opposing team, whichever is greater. The last batter cannot walk, but if a pitch hits the batter, all runners and the batter are awarded two (2) bases whether forced or not. When the last batter rule is in effect, there will be two (2) outs assumed; once the ball is put into play and the ball is in control of any defensive player while touching home plate, it will be considered a force out (no tag required). Of course, an out may be obtained in any normal manner as well. **Exception:** In the 6th inning, there is no limit to the number of batters.
- d. All players must play a minimum of 1 inning in the infield during each game by the end of the **3rd** inning. They must play the infield again by the end of the 5th inning. In American league only a parent may request in writing to the league director to play in the outfield only for the player's safety.
- e. Extra innings are possible if the 6th inning ends prior to 2 hours of play.

 - 2) There shall be no weekly pitching restrictions; however the 40-hour rest rule applies.

3) No balks shall be called, however the umpire will inform the pitcher, if the delivery is deceptive.

4) If a defensive manager or coach goes on to the playing field to talk to any player or players, twice in a half inning while the same player is pitching, a pitching change shall be made. The only exception to this rule is in case of injury, or if time is called by the opposing team or by an umpire. Once the umpire is ready to place the ball in play and the defensive manager is still talking to any player, the umpire will charge a trip to the defense.

5. Batter

a. Pinto American - No walks permitted. After ball four, batter assumes strike count and the offensive manager or coach will pitch to the batter.

b. The batter shall be declared out after failing to hit a fair ball after four pitches are delivered by a coach-pitcher. The batter is out if there are three strikes before the fourth coach-pitch. Missed swings are counted as strikes, as are foul balls and foul tips. There shall be NO called strikes during coach pitch. The batter is not out on a foul ball or a foul tip unless it is also the forth pitch.

1) In the event the batter hits a fair ball from coach-pitch, the play will proceed until either: i) the third out of the inning, ii) the umpire has granted time out, or iii) the batter and each runner have legally advanced one base. In the event the batter has reached a base other than first, he/she will be required to return to first base. All base runners may only advance one base, whether forced or not. If all base runners legally acquire one base after a fair-batted ball during coach-pitch, then the ball is dead and there is no further play on the runner(s). However, in the event this is the last batter of the inning, the baserunners shall be allowed to continue in accordance with standard rules for last batter. The batter may only advance to first base.

2) In the event the batter is hit by coach pitched ball, the ball is dead, the batter will not advance to first base and if the pitch is the fourth pitch, the batter is out. If the coach pitcher hits a second batter in the same game, the coach pitcher is removed from pitching for the remainder of the game. He is not ejected for the action.

c. Dropped third strike rule will not apply. (National & American)

2) The ball is dead until the batter hits it, and the base runner may not advance until that point. No play may be made on a baserunner until the ball is put in play by the batter.

3) Except for coach pitch, once a ball is put in play baserunners and batter may advance until the forward base runner's advancement has been stopped, and all following runners have advanced as far as they are allowed, and a play is not in progress on him or another base runner.

4) Exception for Overthrow at First Base Only:

The batter-runner can only advance to a maximum of 3rd base when an over throw has been committed by an infielder from the infield only on a play at first base. c. The only offensive coaches allowed on the field shall be the base runner's coaches in the designated coaching boxes on the first and third base lines.

d. In the National League, stealing will be governed by the latest version of Pony's Pinto Tournament Rules. The only exceptions are:

1) On instance of a walk, the ball becomes dead.

2) No leading off, the runner must remain in contact with the base until the ball **crosses** home plate. **Penalty** - Runner is out and the ball is a delayed dead ball. If the batter hits the pitch and/or an out is made on the batter, including a strikeout, that out will stand in addition to the violation by the runner.

SECTION I

PREGAME

1. **Game Supervision** (All Divisions except Filly) – Once the Umpire in Charge (the plate umpire) calls the managers to the plate for the pre-game meeting, only three adults (team manager and two coaches) will be allowed in the dugout or on the field of play. Two adults at a time will be allowed on the field of play (as base coaches) during the course of a game, except during pre-game warm-up and between innings when all three may be present on the field of play. Team managers are responsible for all adults preparing the field prior to each game and after. Exception: For mini-minor during coach pitch, an additional coach may be on the field as a “pitcher”.
2. **Lineup Sheet** All rostered players must appear on the game lineup sheet even if they are not present for the game. Any absent player must be reported by his manager to the official scorekeeper, the Umpire in Charge, and the opposing manager prior to the start of the game. A manager who fails to report an absent player to the official scorekeeper will be subject to a one game suspension. Any subsequent infraction of this rule will result in the manager being removed from the team for the remainder of the season. A copy of the lineup sheet should be given to the opposing team, the official scorekeeper and the plate umpire.

SECTION II

EQUIPMENT

1. League assigned uniforms must be worn on the playing field. Color coordinated softball pants or color coordinated shorts with mandatory sliding pants are required on a per team basis. For all leagues, jerseys will be completely and tightly tucked in so that the belt or waistband is visible.
2. Sports type jackets and sweatshirts will be permitted on the field or while on base during cold weather upon approval of the umpire. Players may not wear anything covering their uniform number while at bat. Team color coordination is recommended.

3. Rubber/plastic cleats are required in Filly, Mini-Minor, Minor, and Junior. Metal cleats ARE permitted in Senior.
4. Managers/Coaches Attire – During regular league games and playoffs, all managers and coaches should be attired in clothing appropriate to baseball or softball. The league recommends that managers wear team colors.
5. Safety rules concerning bats are continually changing. All USA Softball rules addressing bats are to be followed to the letter.
6. Any player with a cast or boot will not be able to play until they are able to participate without the temporary medical apparatus. This will allow the player ample time to completely heal before returning to the field of play.
7. Throwing of equipment cannot be tolerated for safety reasons. If intentional, a player will be ejected from the game immediately. If unintentional, player will be warned by the umpire and official scorekeeper will note such warning in the scorebook. Upon throwing equipment a second time, player may be called out and ball declared dead.
8. Batting helmets with face mask and with the NOCSAE seal for tournament play are mandatory and must be worn by any offensive player while in the field of play, including during practice or tournament play. This rule does not supersede USA Softball rules regarding helmets but is in addition to it. Any player under the age of 18 who enters the field for any reason must also wear an approved batting helmet. It is strongly recommended that adults when positioned in the coach's box wear protective headgear.
9. Every player, while playing the position of catcher (during games and practices) must wear the catcher's protective gear provided by the league or personal equipment bearing the NOCSAE approval label at all times. When warming up the pitcher, player catching must wear an approved catcher's mask.
10. Coaching staff (except for Filly) on the field of play must be in the 1st or 3rd base coaches box. In Mini-Minor during coach pitch a coach may enter the field as a pitcher only and will not coach while acting as a pitcher.
11. Senior and Junior Leagues will use 12" softballs. Filly and Mini-Minor Leagues will use 10"RIF softballs. Minor League will use 11" safety softballs.
 - a. For each game, the home team will provide a new division appropriate softball and the visiting team will provide a lightly used division appropriate softball.

SECTION III

THE GAME

1. No new inning shall begin 90 minutes after the official start of the game – except Filly which has a 75 min. drop dead time. A new inning shall begin when the last out of the previous inning is recorded.
2. Regular season games MAY end in a tie.
3. If a game is suspended for any reason (i.e. weather) and the game has been played for at least 1 hour ***or a regulation length game***, it will be considered a complete game. If at the time that the game was suspended it was an incomplete inning, the reported score will be the score at the last complete inning (revert back). ***If the game is halted and it is incomplete, it will be completed if necessary at a later date.***

4. International Tie Breaker (ITB)- If the regulation innings are completed prior to 1:30 and the game is tied, an International Tie-Breaker will be used to declare a winner. Any inning that has started will be completed except if the home team is ahead when 90 minutes has been reached in which case the game is over and the home team wins. A new inning begins when the 3rd out of the prior inning is recorded. During ITB there is free pitching (anyone may return to pitch)
5. Minimum Play - Each player must play a minimum of two innings at any infield position.
 - a. Exceptions to this rule may be made by parental request only.

 - d. Exception to this rule is if any injury occurs on the field and the player is removed from play, and there is no other player that can be entered into the game, the player sitting out may be reentered into the game.
 - e. The team manager shall report all player defensive positions and any player(s) sitting out to the Official Scorekeeper.
6. 4 Run Go Ahead Rule - An inning will be completed when, a) three outs have been made, or when the offensive team in their ½ of an inning has scored four (4) more runs than what the other team currently has, or if the offensive team is ahead in score then they may only score four (4) more runs than what they started with.

This is to help speed up the game without a substitution being recorded. This will be in effect for Minor, Junior and Senior divisions only.
11. Substitutions and Injuries - Substitutions are to be made at the start of the 1/2 inning except in the case of an injured player, in which instance the substitution can be made immediately for the injured player. In the case of an injured offensive player, the substitute player shall be the player who made the last out either in the inning of play or the previous inning if no outs have been recorded. The injured player must sit out at least one inning (the remainder of the 1/2 inning which the player is injured, plus the next 1/2 in-

ning). If the player returns to the game, he/she must return to his/her original position in the batting order. If a player is removed from the game for disciplinary action or must leave early, the player's batting lineup position is skipped (no out recorded) and the player must remain out for the remainder of the game. ***If a player is injured in the first inning and no outs have yet been made, the last batter scheduled to bat in the inning will run for the injured player.***

12. Pitching Changes – A manager may change pitchers at any point in the game that he/she wishes. The manager may bring a player off the bench to pitch so long as the minimum play rules are not violated.
13. One pitch in an inning is considered an inning pitched.

APPENDIX B-6 SELECT TEAMS

Wm. S. Hart Softball program is conducted under the sanction of USA Softball. One of the sanctioned events that USA Softball of Southern California offers is Select Team participation in the Minor, Junior and Senior age divisions. Players must be registered in Wm.S.Hart recreation program and play on a drafted team. The Select Teams may only play games with other USA Softball Select Rec Teams. The Select program was established to provide additional opportunity for players who wish to improve their softball skills beyond the regular league season but who have not yet reached the “A” classification level (travel ball). All current rules are available on the USA Softball of Southern California at <https://www.usasoftballsocal.com/wp-content/uploads/documents/2019-yellow-book.pdf>

1. Players may elect to play on a Select Team in conjunction with their league team per the USA Softball of SoCal rules.
2. There can be more than one Select team in each age group.
3. Select teams are available in the Minor, Junior and Senior Divisions.
4. All expenses associated with the Select Team are to be covered by the families of the select players (uniforms, equipment, tournament fees.)
5. Players are not required to have a minimum amount of play time like we have in league play but follow tournament play rules during Select Tournaments.
6. Coaches for the Select Teams are selected by the Softball Commissioner, League Director and Chief Umpire.
7. Player selection for the teams is at the discretion of the Select Coaches. If there are more players interested in participating in on a Select Team than there are teams a try-out may be scheduled. ***The selection process will be reviewed each year.***
